

# DocuSign Agreement Cloud for **Government**

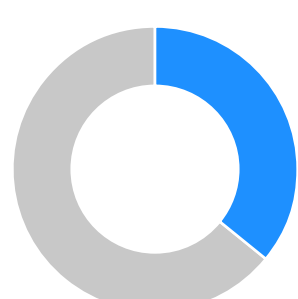

Focus on public service,  
not process and paperwork.

## 20–25%

### Improve productivity

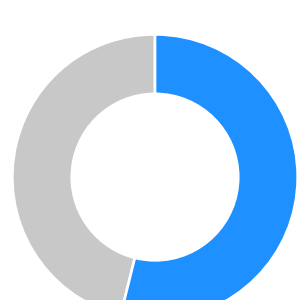

20–25% of employees report improved productivity when employees are connected.<sup>1</sup>

## 36%

### Looking for information

36% of employees say they don't know where to find the information they need to do their work.<sup>1</sup>

## 54%

### Training is an issue

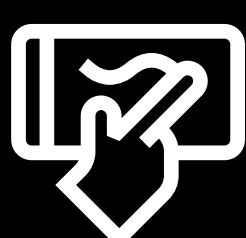

54% of IT decision makers at federal agencies feel that untrained employees and contractors pose the biggest security risk.<sup>2</sup>

## The solution

### Reduce cost and hassle

Achieve results faster with over 350 pre-built integrations and eliminate manual tasks around preparing, signing, routing, and managing government paperwork.

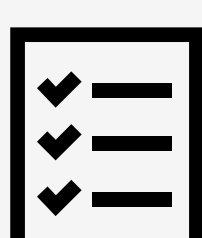

### Deliver superior service

Offer a simple and intuitive digital experience through mobile-optimized electronic signatures, self-service forms, and streamlined document management.

### Mitigate risk

Ensure peace of mind and accountability with built-in audit trails that stand up in court.

DocuSign offers more than a dozen applications for electronic signature, document generation, clickwrap agreements, and more.

The average DocuSign user experiences a 9x faster turnaround rate versus paper-signing processes.

DocuSign utilizes the strongest data encryption technologies available, so you can rest assured that your critical data is always protected.
