

Onboarding new hires has never been smoother

Create an engaging first day experience by simplifying employee paperwork with DocuSign for HR.

47%

Struggle most with employee retention

47% of HR professionals cited retention as the top workforce challenge.¹

58%

Focus on processes and paperwork

58% of organizations say their onboarding program is focused on processes and paperwork.²

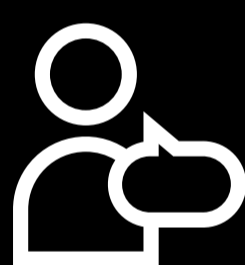

36%

Lack automation technology

36% of HR professionals cite the lack of technology as the reason for their inability to automate and organize onboarding programs.³

With DocuSign for HR, give employees the digital experience they're looking for in their dream company.

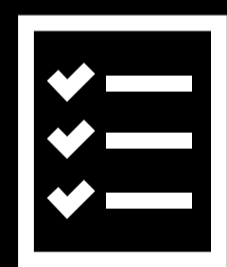

Make the best first impression

Spend less time compiling benefits and payroll paperwork and more time creating an amazing first day experience that new hires will remember.

Accelerate onboarding processes

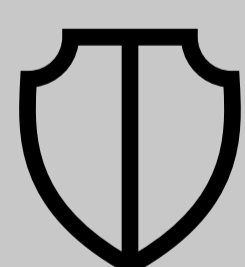

Onboard new employees faster by digitally collecting signatures on federal and state tax forms, I-9 forms, payroll forms, and more.

Reduce errors on forms

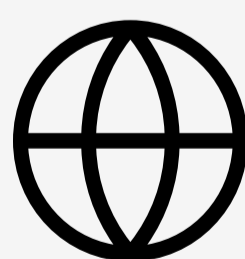

Eliminate time-consuming data re-keying of important onboarding forms with an automatic data transfer between DocuSign and your HRIS.

With **DocuSign for HR**, new employee onboarding is seamless and secure.

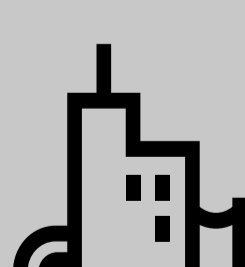

World-class protection

DocuSign meets and exceeds some of the most stringent US, EU, and global security standards.

Global acceptance

DocuSign is the global standard with eSignature across 180+ countries.

Trusted solution

Over 500,000+ customers use DocuSign, including the world's largest banking, pharma, and tech companies.

Tighten your onboarding process today with **DocuSign** technology that delights both employees and HR team members.
